Sicagen wins annual performance award from Rashtriya Chemicals & Fertilizers Limited

The recognition acknowledges Sicagen's excellent services and support in 2020

- Sicagen provides product support for the Woodward Governors installed on various turbines at Rashtriya Chemicals & Fertilizers' Trombay and Thal sites in Maharashtra.
- Sicagen has been a Woodward Authorised Facility since 1990.

February 22, 2021, Chennai: Sicagen India Limited (Sicagen), a leading integrated, value-added solutions provider for infrastructure, industrial packaging, and speciality chemicals, and **part of AM International - Singapore**, received the annual performance award from Rashtriya Chemicals & Fertilizers Limited (RCF), a Miniratna PSU. The recognition acknowledges Sicagen's excellent and timely services and product support provided to RCF during 2020.

Sicagen provides product support for the Woodward Governors installed on various turbines at RCF's Trombay and Thal sites in Maharashtra. The scope of Sicagen's services includes periodic overhauling, repair and calibration, emergency field service support, sales and upgrades.

Mr. Ashwin Muthiah, Chairman, Sicagen & Founder Chairman, AM International, said, "The

performance award from RCF, one of India's Miniratna PSU, is testimony to our team's commitment to ensure customer delight even during trying times. I congratulate the team at Sicagen for their dedication, determination and diligence. I'm confident that they will continue to raise the bar and set new benchmarks for performance and customer services."

Sicagen has been a Woodward Authorised Facility since 1990. As an authorised centre, the company serves as an AISF, reseller, and Sub-RTR of PM Controls India. Sicagen oversees the sales, servicing, maintenance, and repair of Woodward Engine & Turbine Controls and Retrofits. A trained

workforce, genuine spares and a Woodward test bench ensure quality repair and service. Besides Woodward, Sicagen is also in partnerships with other international market leaders such as Norgren, Eaton and Danfoss.
